

L.2 Enterprise Project Worksheet

1. Which enterprise project will your group plan?

2. How can you describe the project/business, in one paragraph?

3. What is your product or service?

4. You will have one class period to learn how to create a simple business plan. At the next Enterprise Class, your group will present your project. How do you plan to distribute the tasks?

Use this table to organize the different responsibilities of your team. Please write your names below before filling in the table.
